Gbcareers field education

Skip to main content GBCareers supports current students in their career development and job search for full-time, part-time, volunteers, contract and summer positions. Our field education services support students who apply for or seek field education or collaboration opportunities as part of our academic programs. Note: If you're a graduate or alumnus, you'll need to create an account and log in through the Alumni page. What you can do online: Search and apply for full-time, part-time, volunteer, field education, collaboration and positions on campus Book career advice on appointments Sign up for career workshops, events, and employer information sessions Access resources such as tip sheets and career links For information about all services offered through our career centers, please visit: www.georgebrown.ca/careerservices Login information Use student ID and six-digit Stu-View passwords to log in and create an account. Logging into field education opportunities gives students valuable real-world experience related to the student's field. The Center for Business offers many opportunities to gain practical, hands-on experience, so that our students are well prepared to enter the workforce and start their careers. In addition to connecting students with employers, we also provide opportunities to participate in competitions, join corporate organizations, attend industry functions and events, and learn from skilled guest speakers. Skip to main content If you need help with your account or have questions about the use of this website, please contact: GBCareers Technical Support GBC Help Desk email: helpdesk@georgebrown.ca Field Education Support for Field Education is handled by the respective academic division you are working with. Create employer account For more information on exclusive programming, benefits and services available to George Brown alumni, please click here. With an impressive 84% employment six months after graduation, George Brown College knows how to set its students up for success. The college provides a mix of theory and practical experience. They prioritize learning in the real world and give students opportunities to work with professionals in applied research and field education opportunities. Industry partnerships mean students have access to the latest trends and technology they can expect to use in the field. Their faculty members also have considerable industry experience and share their real knowledge with students. Programs George Brown College offers more than 160 career-focused certificate, diploma, degree and post-graduate programs. Most programs have a field education component, which gives students a valuable opportunity to work with and learn from industry partners who may even one day become their future employers. While studying at George Brown College, students will have the opportunity to experience practical, real learning through first-class facilities. This includes: The Chefs' House (a student-run restaurant in downtown Toronto) WAVE Dental Clinic (a clinic that provides dental services to the public) Simulated real working environments Top Undergraduate Programs Advanced College Diploma - Business Administration - International Business Business Administration - International Business program graduates will be prepared to perform in a variety of specialized areas, such as: International Market Entry and Distribution International Trade Management International Trade Research International Trade Financial Affairs related to business in general and international business College Diploma - Construction Engineering Technician The Construction Engineering Technician program studies the characteristics of different building types with an understanding of the latest energy and environmental technology. Laboratory courses provide practical building setup surveys and quality control testing of various building materials. Students will also gain extensive data experience, working with general business and Building Information Modeling (BIM) software and specialized building management and estimation software. College Diploma - Tourism and Hospitality Management In Tourism and Hospitality Diploma program, students learn about exciting and diverse tourism industry, with courses in culinary tourism, heritage tourism, sustainable tourism, and urban tourism planning. Graduates get the skills required to be progressive leaders in the industry, enriching the experience of tourists. Top post-graduate programs Graduate Certificate - International Business Management International Business Management graduate certificate program at George Brown College simplifies this complex field with dynamic and interactive teaching methods, including case analysis and guest speakers. The field of international trade can seem as large and complex as the world itself. Students will learn include disciplines such as strategic planning, law, economics, logistics and marketing. Graduate Certificate - Advanced Wine and Beverage Business Management Advanced Wine and Beverage Business Management is a one-year, three-semester post-graduate program developed for hospitality diploma and degree graduates, as well as professionals in the industry seeking an advanced level of learning focused on all aspects of the wine, spirit and beer business. This program will provide students with an advanced level of knowledge in beer, wine, spirits and mixology, and also teach important business skills such as financial management, organizational behavior and strategic marketing. Graduate Certificate - Wireless Networking The Wireless Networking post-graduate program is designed to put students at the center of this exciting world by providing them with high demand skills in radio frequency (RF), mobile, broadband, and advanced data communication. Campus Locations George Brown College has three campuses spanning the Greater Toronto Area. These campus locations provide students with access to top employers for field education and networking opportunities. Each campus offers unique study opportunities for students and provides the resources they need to excel in their field of study. It also means that students will enjoy other benefits by going to the school center, including great cafes, restaurants, shopping and easy access to all Toronto attractions. All three campuses are all easily accessible by public transport and surrounded by bike lanes as part of Toronto's cycling network. Casa Loma Campus is in Midtown Toronto. This campus offers students access to programs within three study studies: Construction and Engineering Preparatory and Liberal Studies Art, Design and Information Technology St. James Campus located in Old Town Toronto. This campus offers students access to programs within five study studies: Business Arts, Design and Information Technology Community Services and early childhood education Center for hospitality and culinary arts Center for preparatory and liberal studies Waterfront Campus located right off Lake Ontario. This campus offers students a unique learning environment for both health science and design at: Daphne Cockwell Centre for Health Sciences School of Design at Waterfront Campus Campus Tours Casa Loma St. James George Brown has also put together a great library of virtual tours for students to get a sense of campus life. Campus Life International students will meet new people, building networks , and get involved with activities such as athletics and recreation. They will have the opportunity to volunteer for the entrepreneurial group, which strives to improve local communities, and more. George Brown also offers more than 50 clubs based on disciplines, personal interests and social movements. Off-Campus Life Toronto is home to many major industries in Canada and is one of the most important economic hubs in North America. Industry-leading companies have partnered with George Brown to play a role in students' academic lives by advising the course curriculum, providing field education and offering employment opportunities by degree. By assisting in the development of the curriculum, these companies provide industry to students to meet the industry's needs and gain skills that are highly sought after in today's labour market. Toronto is recognized by the United Nations as one of the world's most multicultural cities and is home to world-class art galleries, museums, theaters, restaurants and sports facilities. Toronto's community includes over 90 ethnic groups, originating from over 169 countries and speaking more than 100 languages. Students who want to discover Toronto can explore: CN Tower A national icon and engineering wonder, CN Tower is Toronto's must-see attraction. The Distillery District is an internationally renowned village with brick-clad streets and dozens of lively Victorian industrial buildings. CF Toronto Eaton Centre Home to 250+ best-in-class retailers, restaurants and services in the heart of the city centre, The Eaton Centre is the city's premier urban shopping hub. Ripley's Aquarium of Canada immerse yourself in a world of 16,000 aquatic animals and discover an underwater adventure. The aquarium has North America's longest underwater viewing tunnel. The Art Gallery of Ontario With a collection of more than 90,000 works of art, the Art Gallery of Ontario (AGO) is among the largest and most museums in North America. Toronto is also hours away from other major Canadian destinations: Student Support With the start of the fall semester just weeks away, George Brown has worked hard to prepare his faculty and staff to successfully transition to online learning. This is what George Brown does to support international students studying online during the fall semester: Offers their full-time programs for the fall 2020 semester in a combination of real-time and pre-recorded delivery. They will use various online tools, such as Blackboard, Microsoft Teams, and Zoom. Once students have enrolled in their courses, they will connect with the program coordinator for details of online learning plans to see how the time zone can be accommodated. Provide online student advisory services through video. Video consulting will take place across Zoom Healthcare, a secure video platform that is available for free to students. Appointments can be booked via email. Encourage students to check out George Brown's online learning website for tips and resources on how to become a successful external student. It offers five modules that students can complete at their own pace. Students can also find professional support at the Guidance and Learning Centre. Job prospects, career support and post-graduate employment opportunities Full-time international students with a valid study permit and social security card can work in Canada during their studies. George Brown College is dedicated to providing students with the tools and skills they need to enter the Canadian and global workforce and to find success in their chosen career path when they get there. GBCareers is an online job site specifically for George Brown students and graduates who provide online access to hundreds of job offers. Their Alumni Career Services page has several services and support offers that will help students with their job search. Toronto is home to most of Canada's major employers in financial services, tourism, fashion, software development, manufacturing, communications, entertainment, design and healthcare. Gm, Ford, IBM, Pinterest, Snapchat, TD Bank and the Toronto Stock Exchange, for example, all have their offices in and around Toronto. Toronto and George Brown offer second-to-side students opportunities to gain valuable work experience with leading employers during their time as a student and after graduation. Scholarships George Brown has many scholarships and bursaries available to international students. To be considered for any of the awards listed below, students must apply by selecting International Center Scholarships through STU-VIEW and being enrolled in a full-time program. Available scholarships include: International Centre Student Bursary International Student Leadership Award International Student ESL Scholarship International Student Scholarship Kimokran (Toronto) Scholarship for International Post-Secondary Scholarship for International Students - Certificate Post-Secondary Scholarship for International Students - Diploma / Degree Scotiabank International Partner Entrance Scholarships Woori Education Scholarship For more information on eligibility requirements for each of the scholarships above, please visit the George Brown International Students Awards & Scholarships website. Tuition varies by program, but international students can expect to pay around \$14,330-\$26,350 CAD per year for undergraduate programs and \$14,600-\$26,670 CAD per year for post-graduate programs. Does that sound like a place you want to study? Ask your recruiter to apply to George Brown College! Share on WhatsappShare on FacebookShare on TwitterShare on LinkedIn LinkedIn
